

Elitch Gardens Outdoor Classroom Day

May 12, 2017

Partners in Education

Be sure to stop by and check out these added educational activities in the park:

- **Science Matters**

www.sciencematters.tv

Science Illusions

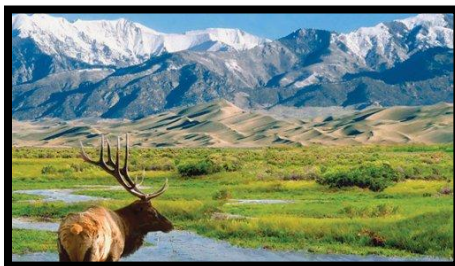

Tricks are for kids- "Hocus Pocus with a Science Focus!" Experience the excitement of scientific illusions- it's fun for everyone! Come explore the Science of Sound and play with sound waves. Explore science through a Pipe Orchestra, Boomwhackers, and tuning forks. Are you up to the challenge? Balance a bunch of nails on the head of a single nail. Can you defy gravity?

- **US EPA**

www.epa.gov/students

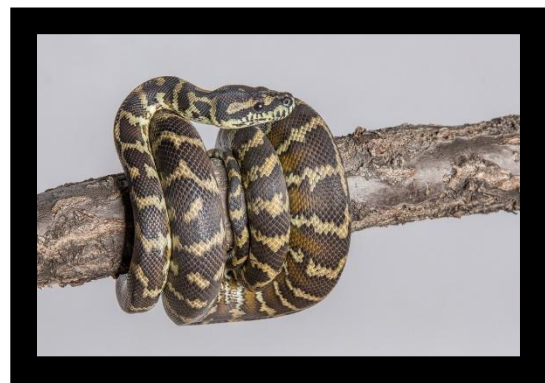

Teaching students about the environment and making students environmentally aware. Come play various environmental games!

- **Nature's Educators**

www.natureseducators.org/education/

Connecting students to the environment by teaching them about the other creatures that live in it. Check out the interactive and educational booth with live birds of prey and/or reptiles! We hope that by connecting with our ambassadors and learning their personal stories, audience members will understand the importance of conservation.

- **Zumba with Ms. Becca**

<http://rebeccaubarri.zumba.com/>

ZUMBA Kids & Kids Jr. sessions are super-cool & super-fun! For 40-45 minutes kiddos will dance, exercise and move n' groove their way to a healthy future. Here they move to age-appropriate music and play fitness-focused games with their peers and friends. **ZUMBA** sessions build confidence, encourage teamwork, and teach kids of all ages the importance of a healthy lifestyle - all while being FUN! **ZUMBA** is exercise in disguise!

Now, in over 25 schools, centers, events & parties across Denver, **#ZwMB** sessions are super-cool and super-fun! Ms. Becca is a licensed **Kids & Kids Jr. ZUMBA** instructor with over 10+ years of experience captivating kids of all ages through: educational events, "Club Med KIDS!" resort activities, athletic training & coaching, and working for *Radio Disney*! Impacting kids through positivity, fitness, and FUN is her passion - Let's get **ROCKIN'**!

- **Colorado Parks and Wildlife**

www.cpw.state.co.us

Explore the Colorado wildlife right her at Elitch Garden's, with animal skins and skulls! Play a fun outdoor Corn Hole game, discover animal tracks, fossilized paw prints, and try your hand at the Backyard Bass fishing game!

- **Play-Well TEKnologies**

www.play-well.org

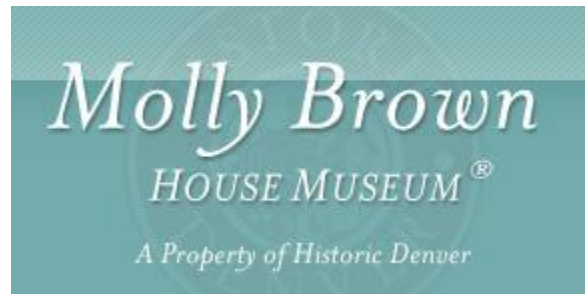

Enjoy LEGO engineering, demonstrations of engineering concepts and maybe even build your own!

- **Molly Brown House Museum**

<http://www.mollybrown.org/learn/>

Denver Grows, Mining Lab, Titanic and other exhibits to teach students about Margaret's life and how she impacted not only Denver, but the world. There will be hands on elements with each of the programs.

- **Pop Culture Classroom**

www.popcultureclassroom.com

Pop Culture Classroom will have an arts & crafts station where students will create their own superhero characters and comics. Also an all age's forensics lab where students will decipher clues and use science to solve a mystery. And an area where students can create shields and masks for costumes!

- **Computer Explorers**

www.ceDenver.com

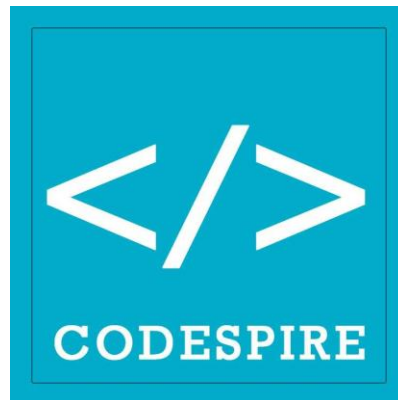

Students will use LEGO Engineering, use apps and play games, robots and augmented reality will also be available for students to experience.

- **CodeSpire**

www.CodeSpire.org

Students will enjoy hands-on coding lab, create apps, games and learn about controlling circuits. Drones and Robots will also be there for students to experience!

- **GrowHaus**

www.thegrowhaus.org

The GrowHaus will be teaching students about seeds, plants and growing. Each student will also be able to plant their own seedling!
