Partners in Education

Be sure to stop by and check out these added educational activities in the park:

- **Colorado Parks and Wildlife**

www.cpw.state.co.us

Explore the Colorado wildlife right her at Elitch Garden's, with animal skins and skulls! Play a fun outdoor Corn Hole game, discover animal tracks, fossilized paw prints, and try your hand at the Backyard Bass fishing game!

- **US EPA**

www.epa.gov/students

Teaching students about the environment and making students environmentally aware. Come play various environmental games!

- **Nature's Educators**

www.natureseducators.org/education/

Connecting students to the environment by teaching them about the other creatures that live in it! Check out the interactive and educational booth with live birds of prey and/or reptiles! We hope that by connecting with our ambassadors and learning their personal stories, audience members will understand the importance of conservation.

- **HawkQuest**

<http://www.hawkquest.org/>

See live birds of prey up close! Get a chance to ask one-on-one questions with the experts about the birds, and receive information about the large birds.

- **Denver Parks & Recreation/Natural Resources**

[Denver Parks & Recreation](#)

Come visit the Denver Parks & Recreation/ Natural Resources to see skins, skulls and more wildlife displays. You won't want to miss this!

Squirrels are an abundant and common wildlife species in the Denver metro area and in Denver Parks. These rodents have become well accustomed to life in urban areas due to the great

habitat that the city provides them. Squirrel populations can expand rapidly when there is ample food and shelter, however their playful and active behavior along with their cute appearance tends to draw people to feed them. It is illegal to feed wildlife in Denver parks –

Please enjoy wildlife at a distance. Thank you!

- **Denver Police- District 1**

Students get to experience two of Denver’s finest police vehicles; Chevrolet Corvette and a Ford Crown Victoria!
